4

1 ClipOn duo

Two attractive advertising spaces: The front is ideal for placing the store logo. The large advertising space on top for third party advertising or private labels.

2 ClipOn eco

Equipped with one ad space on top offers a lot of space for private label or third party advertising.

3 ClipOn duo S

The smaller version offers compact design with two ad spaces.

4 ClipOn eco S

With one advertising space. Same size as the duo S, ideal for already mounted coin deposit locks.

ClipOn – Handy Advertising

The ClipOn is the ideal marketing partner for round tube handles. Attention guaranteed. ClipOn is right there with it's large ad space. Perfect for private labels, third party advertising or a map of the store layout. Also instructions or warnings are

immediately perceived by the customer if placed on the ClipOn. Even if the coin deposit lock is already installed, the ClipOn can easily be mounted later on.

Client's attention guaranteed.

Enough space for your own advertising.

Perfect advertising effect.

ClipOn in detail

1 Profitable

The ClipOn takes care of your profits. The ad label can be exchanged in seconds.

2 Quick

Installation of the ClipOn is quick and easy.

3 Organised

The ClipOn can be nicely combined with several types of coin locks.

4 Colourful

Four standard colours are available for the ClipOn range. Special colours are available on request.

The Number 1 for coin deposit locks

Founded in 1974, systec developed the first patented coin lock for shopping trolleys in 1981. Since that date, systec has become the global and technology leader in this field. Its products now range from coin deposit locks and antistatic handlebar systems, trolley advertising systems to child safety and containment systems for shopping trolleys. systec is the supplier to all leading shopping trolley manufacturers and exports its products to more than 50 countries.
