relaXt – new handle design for more comfort

Easy handling and good looks, those are the outstanding characteristics of the new relaXt. The sophisticated ergonomics guarantee an optimum transfer of steering and pushing forces. This means even a well filled shopping trolley can be manoeuvred very easy.

Thanks to fast and simple assembly, ergosticks can also be retrofitted. The relaXt is optionally available with regular end caps. We have equipped the relaXt with an antistatic function. When pushing the shopping trolley, annoying electrostatic shocks are effectively prevented.

A special benefit is the extra large advertising space for private label or third-party adverts to generate additional turnover.

Convenient extras such as the scanner holder or magnifying glass round off the customer friendly profile.

Perfectly shaped: the relaXt.

Integrated antistatic function.

relaXt fully equipped.

relaXt with extras

1 Safe

The scanner can be placed safely in the integrated holder of the relaXt. Available for Motorola and Datalogic scanners.

2 Refreshing

Whether fully integrated or when using a scanner holder that is additionally mounted – the sturdy systec cup holders offer a place for all types of beverage cans and cups.

3 Brilliant

Small print on packaging can be read effortlessly from now on with our newly developed magnifying glass.

4 Convenient

Little assistant, big effect. The shopping list can be easily fixed to the integrated clip.

relaXt in detail

4

1 Comfortable

The ergonomically shaped ergosticks ensure easy handling.

2 Antistatic

The antistatic function effectively prevents customers from getting electrical shocks.

3 Universal

The relaXt is also available with regular end caps.

4 Open

The relaXt is also available without coin lock function.

The Number 1 for coin deposit locks

Founded in 1974, systec developed the first patented coin lock for shopping trolleys in 1981. Since that date, systec has become the global market and technology leader in this field. Its products now range from trolley locks to antistatic advertising handles to seat belts and containment systems for shopping trolleys. systec is the supplier to all leading shopping trolley manufacturers and exports to more than 50 countries.
