smartloc

# smartloc: Simple & Compact

smartloc combines strength with a compact design. Its small size significantly reduces the opportunity for vandalism. smartloc can also be supplied with reinforced mechanical die-cast zinc components, which makes it suitable for use on

transport trolleys. Our special smartloc U model is compatible with uniloc. The easily and quickly replaceable coin cassette already has a proven record with the euroloc. smartloc can be supplied with one as well as two coin

slots for coins with significantly different diameters.

smartloc U can be used together with uniloc.

Suitable for use on transport trolleys.

Also available with two coin slots.

# smartloc in detail

## 1 Compact

Extremely small and therefore reduces opportunity for vandalism.

## 2 Simple

One screw secures the lock to the handlebar, holds the chain in place and stops the lock from twisting.

## 3 Easy to service

Coin cassette can be replaced easily and quickly.

## 4 Durable

The engraved coin symbol is extremely durable.

# The key to your success

3

4

## 1 Compatible

The well proven S-shaped key that is used with the smartloc makes it compatible to the systec variloc and duraloc.

## 2 Well proven

The key is small and light which provides for easy handling. Due to its S-shape it is extremely stable.

## 3 Durable connection

The joint between key and chain is rock solid. The plastic casing is moulded around this joint and therefore extremely resilient.

## 4 Reduced costs

To reduce costs, the key and chain are also available with a yellow chromated coating.

# The Number 1 for coin deposit locks

Founded in 1974, systec developed the first patented coin lock for shopping trolleys in 1981. Since that date, systec has become the global and technology leader in this field. Its products now range from coin deposit locks and antistatic handlebar systems, trolley advertising systems to child safety and anti-theft systems for shopping trolleys. systec is the supplier to all leading shopping trolley manufacturers and exports its products to more than 50 countries.
