Vario XT

Vario XT: Everything is possible with the new design

1

2

1 Ergonomic

Different handle positions in different heights allow easy maneuvering of the shopping trolley.

2 Antistatic

Finally, no more unpleasant „shocks“. The inbuilt conductive component prevents the static charge of the shopping trolley.

3

4

3 Effective

Create additional revenue sources by effectively advertising private labels or other brands on the big advertising space of the Vario XT.

4 Organised

As an option the Vario XT comes with a built in coin lock, available for nearly all coin combinations worldwide.

Brilliant – Vario XT with magnifying glass

- Our new magnifying glass comes as an option for the Vario XT. It enlarges the small print and makes it readable for all customers.
- Ideal magnification factor of 2,5 with a glass diameter of 55mm.
- Easy: Simply put up the magnifying glass and use it.
- Clever: To prevent from vandalism, the magnifying glass can only be used when the coin lock is released with a coin.
- Transparent polycarbonate makes the glass resistant and UV stable. Thus, your shopping trolleys can be kept outside.
- Easy upgrade: The magnifying glass can be added any time.

Optimal readability.

Patented mechanism.

Easy handling.

Innovative – scannerholder, clip and cupholder

► Safe

The scanner can be placed safely in the integrated holder of the Vario XT, as for example the Motorola-Symbol MC17. On request other models can be realised as well.

► Convenient

The grocery list can be easily fixed to the integrated clip. The shopping list is securely and visibly placed, both hands are free. Much more convenient.

► Refreshing

The well designed cupholder is ready for all kinds of cans and beakers.

The Number 1 for coin deposit locks

Founded in 1974, systec developed the first patented coin lock for shopping trolleys in 1981. Since that date, systec has become the global and technology leader in this field. Its products now range from coin deposit locks and antistatic handlebar systems, trolley advertising systems to child safety and containment systems for shopping trolleys. systec is the supplier to all leading shopping trolley manufacturers and exports its products to more than 50 countries.
